Tunic:

Start with DOUBLE CHAINLESS FOUNDATION. How to do it video you may found [here](#).

In case you would prefer pictures here they are:

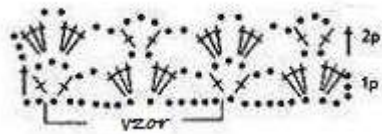

Tunic is crochet in rounds, every round we start with 3 chains (instead of first DC in pattern), finish round with 1 sl st in 3rd ch from beg of round.

Beg of every round is at one raglan. After finishing length of raglan, round begins at the side.

Double chainless foundation starts with 37 DC – back, 2 DC – raglan, 22 DC – sleeve, 2 DC – raglan, 48 DC – front, 2 DC – raglan, 22 DC – sleeve. Sl st to make round.

Tunic is crochet with this pattern:

vzor means repeat

Start with 3 ch and then repeat pattern. In first round skip only 3 chain not 5 as is on pattern!

In first round we should have:

back – 5 „treble fan“ and 4 „fan“

2 DC raglan

sleeve – 3 „treble fan“ and 2 „fan“

2 DS raglan

front - 6 „treble fan“ and 5 „fan“

2 DS raglan

sleeve – 3 „treble fan“ and 2 „fan“

2 DS raglan

sl st

Add pattern in raglans, you can see it on picture below:

It is very important to realize that each part has its own axis of symmetry. If a part begins with fan, it must also end with it !!!

At 20 cm we start crochet front and back only. Continue with round until the desired length.
Last round: 5 ch between fan, at the top of fan sl st.
Next round: DC

SLEEVE: crochet in round until the desired length.
Last round: 5 ch between fan, at the top of fan sl st.
Next round: DC
